Work Experience

BlueSuit
Jan 2019 — Present
Co-Founder / CTO
Denver, CO
- Graduated from the 2019 TechStars/Colliers Proptech Accelerator.
- Managed a technical team of software engineers & data scientists.
- Architected & coded web apps, APIs, & machine learning pipelines.
- Established processes for CI/CD, code reviews, technical RFCs, & cloud infrastructure-as-code.
- Successfully executed a company pivot from web-based SaaS products to API products.

Apto
Feb 2017 — Jan 2019
Software Engineer
Denver, CO
- Engineered a $2.4m customized version of our core enterprise product for a major brokerage.
- Spearheaded an initiative to architect, build, & maintain Apto's internal data warehouse.
- Wrote JavaScript/TypeScript/Python code for core SaaS products, RESTful APIs, & internal apps.

Deloitte Digital
Jun 2015 — Feb 2017
Software Engineer / Consultant
Denver, CO
- Solved business problems for large consulting clients using Salesforce.com & Heroku.
- Architected & coded solutions in Apex (Java), Visualforce (HTML/CSS), & Lightning (JavaScript).
- Managed small cross-functional Agile teams as Tech Lead.

University of Denver
Sep 2014 — Jun 2015
Graduate Teaching Assistant
Denver, CO
- Lectured undergraduate Computer Science students in a variety of courses.
- Graded assignments, maintained office hours, proctored exams, & ran lab exercises.

POSSIBLE Mobile
Jun 2014 — Sep 2014
iOS Software Engineer Intern
Denver, CO
- Wrote Objective-C code for Fortune 500 companies' iOS apps.
- Collaborated heavily with graphic design, UX design, & project management teams.
